Sir,

With reference to Government letter No. 6731/36E(ii) dated 24th November 44 to the Superintending Engineer S.C. and letter No.G. 55 dated 9-12-44 from the Superintending Engineer S.C. Belgaum to Government I have the honour to state that Government have in paragraphs and 8and 7 of G.Rs. P.W.D. Nos. 3260/36 3486/36 dated the 19th November, 43, requested the local officers to furnish information regarding the cadres of the various subordinate services as on 1st April, 1943, after taking into account the permanent posts sanctioned

in the above G.Rs.

It seems is the intention of Government that the statements to be furnished by the local officers should show the actual number of posts in each scale in the manner shown in the statement appended to G.R.s P.W.D. No. 4158/36 dated 13-9-41 and no other details like names pay etc. of each individual as shown by the Superintending Engineer S.E. Belgaum in the statements forwarded with his letters No. G. 55 dated 24.3.44 and No. G. 55 dated 7.8.44 are required to be shewn. It is also presumed that the statement of work charged establishments made temporary are not required by Government

If the above presumtions are correct, the local officers and this office may please be informed accordingly.

If however, detailed statements as prepared by the Superintending Engineer, S.D. Belgaum are required by Government they will be sent to Government, duly chacked.

Yours obedient Servant,

2. In paras 7 and 8 of G.Rs. Nos. 3486/36 and 3260/36, both dated 19-11-43 , the local officers of this Department were requested to furnish through the A.G. Bom Bombay. the information regarding the cadres of the various subordinate services as on the 1st April, 1943 after taking into account permanent posts sanctioned in the G.Rs. quoted above. Any extra posts made permanent after 1st April, 1943 were to be shown separately. This information was required by Government so as to fix once for all the cadre strength, as was done in 1941 under G.M. No. 4158/36. E dated 13th September, 1941. For the purpose of fixing the cadre strength, no doubt other than these shown in the statement appended to G.M. No. 4158/ 36 dated 13-9-41 are necessary. Information with regard to the work -charged establishment made temporary is not required. to fix the cadre strength. The presumption made by the A.G. at portion marked "A" of his letter is, therefore, correct.

3. From the S.E. B.C's letter, No. G-55, dated 4th February 1945, it will however be seen that the extra details like names, pay etc. of each individual

forwarded by him to the A.G. were in accordance with the A.G s letter No. O.A. IX N.C. /7010 dated 11th February 1944, and its accompaniment It is not known as to why the A.G. wanted the extra details mentioned above. In the Circumstances the draft put may issue, if approved.

With reference to your letter No. D.A. IV/S.C./2449 dated the 20th Jan. 1945, I am directed to inform you that the details other than those shown in the Statement appended to G.M. P.W.D No. 4158/36, dated the 13th September 1941, are necessary for the purpose of fixing the cadre strength. The presumption made by you that the information regarding the work charged establishment made temporary is not required by Government is correct.

2. I am also to state that it is not known as to why other details like names, pay etc. of each individual were called for by you from the local Officers of this Department in your letter No. D.A. IX N.C. 70/0 dated the 11th February, 1944 and its accompaniments. If the extra details mentioned above are not required by you, the local officers of this Department should please be informed accordingly.

By order of the Governor of Bombay.

2. While fixing the cadre strength, it is proposed to take into account leave reserse at a rate of 5%. This rate has been made applicable lately in fixing the cadre strength of the B.S.E. Class II. It does not appear necessary to take into account reserve in the case of cadre strength fixed on Divisional basis, as these posts will be few in number.

Public Works Department,

Subject:- OVERSEERS CADRE.

.....

In accordance with the Government Resolution, P.W.D. No. 6717/36 dated the 17th July 1944, 94 posts of overseers on the permanent establishment have been sanctioned for the Central Circle. Similarly in Government Resolution, P.W.D. No 3486/36 dated 28th July 1947, sanction has been accorded for conversion of 7 posts of overseers from the temporary to the permanent cadre. The above strength was meant for the Central Circle comprising of the Poona, Satare, Sholapur, Nasik and Khandesh Divisions as it existed before the reorganisation sanctioned in Government Resolution, P.W.D. No. 8386/36 dated the 28th February, 1947. The Central Circle after the reorganisation comprises of 3 permanent (poona, Nasik, and west Khandesh Divisions) and 2 temporary Divisions (Poona Est and Est Khandesh Divisions) and 11 permanent and 9 temporary sub-Divisions,

2. The activities of the Public Works Department have increased all round involving Post War Construction Work. The Activities will continue to be heavy for a number of years to come or say at least 5 years more. It is essential to fix the cadre strength of overseers in the Central Circle and Project Circle so as to facilitate appointments and to avoid irregularity of engaging personnel without specific Government sanction to the number of employed. Out of the 94 posts of overseers and 7 posts of temporary overseers now

converted into permanent posts (Government Resolution P.W.D. No 3486/36 X dated 28-7-47 as belonging to Central Circle prior to 1-4-47 the posts as detailed below have been transferred to the Project Circle with the Transfer of Satara and Sholapur Divisions enblock, from 1-4-47.

	No. of permanent overseers.	No of temporary overseers appointed against permament vacant posts.	No of temporary overseers against 7 posts of temporary overseers sanctioned for this Circle.
Satara	6	11	1
Sholapur.	12	7	

I propose to transfer these posts to the Project Circle permanentlv as that. that Circle may include them in its requirements and obtain sanction of Government to a specified cadre strength of overseers quite independent of the cadre of the Central Circle according to that Circle's requirements.

3. I have examined in detail the requirements of overseers in the Central Circle, section by sanction, taking into consideration all work involved with a view to speedy and efficient execution. I would recommend the following numbers for all the Divisions and Sub-Divisions in the Central Circle as approved in Government Letter No. 8386/36-E(I) dated the 25-9-47.

Name of Division.	Name of sub-Division	No, Of sections	No. of overseers,

	(ii) Nandurbar (")	3	3
	(iii) Sakri (Temporary)	3	3
	(iv) Shahada "	3	3
			15.

60 Permanent plus 25 Temporary . Total 85

4. A small additional number of overseers on a purely temporary basis say for 6 months to 1 year may be necessary for planning and execution of more important works out of the Post War and other Programme in View of Government Letter. 8888/36-E(I) of the 1st October 1947 and proposals in this respect will be submitted separately.

5. 8 Drawing Branch Draftsmen.

Personnel is short in the Circle.

Overseers will be posted to this work in accordance with Government Letter. No. 7966-36 E(II), of 18-11-1946.

6. There are only 34 overseers in this Circle on the permanent establishment and out of the temporary overseers 26 posts will be made permanent by selection with due regard for efficiency and seniority.

7. Necessary orders as requested above may please be issu very early so as to enable me to recruit suitable persons as the work is suffering on account of shortage of overseers.
